# ONE ROCK CAPITAL PARTNERS EXPANDS OPERATING PARTNER TEAM WITH ADDITION OF DAMON ANDERSON

**NEW YORK, October 8, 2026** – One Rock Capital Partners, LLC ("One Rock" or the "Firm"), a value-oriented, operationally focused private equity firm, is pleased to announce the addition of Damon Anderson to its team of Operating Partners. Mr. Anderson will work closely with the Firm's portfolio companies to drive post-acquisition value through supply chain and procurement initiatives.

Mr. Anderson joins One Rock with more than 25 years of experience across procurement, global sourcing, supply chain, acquisition integration and operational improvement in both private equity-backed and publicly traded companies. Most recently, Mr. Anderson served as Vice President, Global Sourcing & Distribution at NSI Industries, a company that operated under a series of private equity owners through multiple successful exits. During his time at NSI, Mr. Anderson held a variety of leadership roles across supply chain and sourcing, building the company's acquisition integration playbook and guiding the business through a series of acquisitions. Prior to NSI, Mr. Anderson held a series of sourcing leadership roles at Newell Brands, most recently as Segment Sourcing Lead for the company's global Tools business.

"Damon has been part of leadership teams that drove successful outcomes at private equity-backed businesses. He joins at a time when procurement and supply chain performance are increasingly central to the value creation plans we build within our portfolio companies, and we look forward to his leadership in those efforts across the portfolio," said R. Scott Spielvogel, Managing Partner at One Rock.

"I believe efficient supply chain and sourcing strategies are central to unlocking value in industrial businesses," said Mr. Anderson. "Having spent much of my career working within private equity-backed businesses, I recognize the value of the Operating Partner model One Rock has built, and I look forward to joining the team to strengthen supply chain and sourcing capabilities across the Firm's portfolio companies."

Working alongside Operating Partners has been a key part of One Rock's strategy since its inception. Mr. Anderson joins a growing team of 30 Operating Partners at One Rock.

## ABOUT ONE ROCK CAPITAL PARTNERS, LLC

One Rock makes investments in companies with potential for growth and operational improvement using a rigorous approach that utilizes highly experienced Operating Partners to identify, acquire and enhance businesses in select industries. The involvement of these Operating Partners is designed to afford One Rock the ability to conduct due diligence and consummate acquisitions and investments in all types of situations, regardless of complexity.
