One Rock Capital Partners Announces Sale of EnviroServe to Clean Harbors

NEW YORK, August 12, 2026 – One Rock Capital Partners, LLC (together with its affiliates, "One Rock"), a value-oriented, operationally focused private equity firm, today announced that it has entered into a definitive agreement to sell EnviroServe Inc. and its related affiliates (collectively, "EnviroServe" or the "Company") to Clean Harbors, Inc. ("Clean Harbors") (NYSE: CLH) for $470 million. The transaction is expected to close in the second half of 2026, subject to regulatory approval and other customary conditions.

EnviroServe is a provider of environmental and waste management services, with an extensive service offering spanning remediation, rail services, industrial cleaning and emergency response, as well as hazardous and non-hazardous waste transportation and processing. The Company serves customers across a wide variety of end markets from a strategic network of branches, including 10-day transfer facilities, waste solidification facilities and railcar cleaning locations.

"We acquired EnviroServe, a high-quality, people-driven business with a strong team, loyal customers and attractive growth opportunities, through a carve-out from Savage Companies and built it into a successful standalone business. Under our ownership, we have expanded EnviroServe's service capabilities through organic growth, new greenfield locations and add-on acquisitions. We believe this transaction with Clean Harbors positions the Company for continued growth as part of one of the world's leading environmental services companies," said Tony W. Lee, Managing Partner at One Rock.

Eric Gerstenberg, Co-CEO of Clean Harbors, noted, "We are excited to welcome EnviroServe's strategic footprint, talented team and loyal customers to Clean Harbors. EnviroServe is a strong strategic and cultural fit with our Technical Services and Field Services businesses and the combination of the two businesses will result in new opportunities for EnviroServe's team members."
